

Notes to Dry Kibbles Cost Comparison

- 1) For one 10 pound cat. When 10 pounds is the low-end of a weight range, the low-end recommended daily amount is used.
When 10 pounds is the high-end of a weight range, the high-end recommended daily amount is used.
When 10 pounds is inside of a weight range, the relative amount to where the weight falls in the range is used. Numbers may reflect rounding.
- 1a) ZiwiPeak raw RDA is 1.7oz per 10 pound cat.
- 2) Based on RDA, usually provided in cups or portion thereof, not weight. Some companies provide weight per cup;
when the weight of a cup is not provided, it is estimated.
